WESTMINSTER PLACE PAVING BILL KILLED

House of Delegates Disregards Wishes of the Residents of a Fashionable Thoroughfare.

TWENTY-SIX MEMBERS ABSENT.

Remainder of the Street Improvement Measures Are Laid Over Until Next Tuesday.

To show the residents of Westminster place that the House of Delegates is still in existence, Council bill No. 128, which providing for the paving of Westminster be-tween Spring and Vandeventer avenues was defeated last night in the House by a vote of 9 to 8, nine of the twenty-six mem-

This action was taken regardless of th fact that 80 per cent of the property holdors in Westminster place approved the bill and had sent a communication to the lower branch of the Municipal Assembly urging

The measure called for the use of creosoted wooden blocks as material with which to pave the street, and this clause was made the basis of an excuse for some of the members to vote against the bill.

Delegates Burke and Oberbeck made speeches in favor of the measure, both declaring that as the Board of Public Improvements and the property holders themselves were in favor of creosoted blocks there was no reason why the House of Delegates should interfere.

hemia" Was Enthusiastically Received in East St. Louis.

"A Night in Bohemia," a musical extravaganza, was presented at the East St. Louis Opera House last night, under the auspices of the East St. Louis Lodge of Kika, for the benefit of their charity fund. The presentation was was entirely by East St. Louis amateur talent. The Opera House was crowded and the audience received the efforts of the amateur thespians enthusiastically. The plot hinged on an old retired actor, who, on Christimas eve, thought himself forgotten by all his old-time friends. These and many others suddenly enter his home and all have a happy time. The plot gives opportunity for a number of specialties, which were well rendered.

John J. Faulkner took the part of the retired actor. He was supported by the following cast:

DAWN—ANTICIPATION.

The physical ills and needs of an expectant mother have been the theme of thought and study for ages, and all physicians know that her peculiar condition requires an additional aid to nature; an elasticizer for the expanding muscles and a strengthener for the sinews upon which is brought the strain of child weight; so that the little one shall have perfect health and symmetry of form; a lubricating balm that will enable her to go about with grace and ease; quiet and steady nerves, and her whole being acting harmoniously for the good of herself and child.

MOTER'S FREEND, if used diligently throughout gestation, will soften the breasts, thereby preventing cracked and sore nipples. All tissues, muscles and tendons straining with burden will soften, relax, become soothed, supple and elastic from its continuous application. All fibres in the abdominal region will respond readily to the expanding cover containing the embryo if MOTER'S FREED is administered externally all during pregnancy.

BURNED ROL LOF MONEY. Venice Man Created Excitement in

Saloon by His Queer Action.

Considerable of a sensation was caused in a Main street saloon at Venice yesterday by a drunken man attempting to burn a roll of money, his savings for many months.

Last week the man stopped work and since then has been spending his savings. The reason he gave for attempting to destroy the money was that he wanted to return to work, but could not as long as he had any money left.

Sewer Case Is Dismissed.

City Attorney Tecklenburg of Belleville yesterday morning dismissed the petition in the County Court for the construction of the proposed West Main street sewer which is objected to by a number of the property owners on that street. The dismissal was because of a technicality and the case will be commenced over again. There was a difference between the estimated cost of the improvement which had been fixed at \$1.05 per linear foot and the assessment roll which had been fixed at \$1.25 a linear foot. The hearing was before County Judge Early of Edwardsville, who came to Belleville especially for this case. Sewer Case Is Dismissed.

COUNTY TO HAVE FORTY ADDITIONAL MAIL CARRIERS.

After January 1, Insuring Delivery at Each House.

It was then decided to change the postar map.

The one being drawn up includes every road in the county, so that each and every one of the 60,000 citizens will have his mail celivered at his door daily.

There are twenty-four stations, adjuncts to the St. Louis office, in the county. It is thought that they will be able to handle the business under the new arrangement and no more will be established.

To Make Southampton Extensions.

Notwithstanding the bad weather, the sale of lots in the Mercantile Trust Company's subdivision, Southampton, is progressing so satisfactorily that in a few weeks the present tract will be exhausted and additional territory opened in the neighborhood of king's highway, immediately south of Tower Grove Park. Handsome improvements will continue throughout the winter, because of the usgent demand for homes in a good locality under attractive conditions.

The Commonwealth Trust Company, which closed the sale of Nos. 1210 and 1212 Olive street, from J. L. Isaacs to Mrs. Celeste Pim for \$30,000, announces that plans are drawn for handsome improvements on that part of Olive street, but no definite arrangements for new buildings are complete. The price paid for the property, \$15,000 a foot, shows a decided increase in values in that part of the city. Real Estate Transfers.
